

Lee Fisher
INTERNATIONAL, INC.

GUIDE PROGRAM 2016

Dear Charter Captain,

We would like to take this opportunity to introduce our exciting new captain's program designed just for you! First, a little bit about us; Lee Fisher International, Inc. has been the leading manufacturer of high-end cast nets for over 30 years. We pride ourselves in making the highest quality nets while offering them at the most reasonable prices in the market today. Moreover, cast nets are not our only offer anymore! We have introduced the Ohero brand to cover sports fishing products as well. Ohero offers new line of rods, reels, braided lines, leaders and hooks. They have been tested and re-tested to meet the highest quality standards for our customers.

We are proud to introduce a new net to our lineup, **The HUMPBACK Cast net**. One of the highest quality and best built nets on the market. Check out www.justcastnets.com for more details.

As a participant of this program, you are entitled to special discounts on our best offerings listed in the attached price sheet. They include our top-of-the-line Bait Buster hand-made cast nets, all Ohero rods, reels, braided lines, leaders, and our new Trident Hook.

*****New members to the program will receive free shipping on their first order and 50% off the Guide price on their first cast net!*****

All we ask is that you promote **Lee Fisher Nets** and **Ohero** products as often as possible. You can do this by simply placing the provided decals on your boat, trailer, vehicle, etc. Now with social media such as Facebook as popular as ever, we want to use them to mutually **promote both our products and your business** by having captains like yourself sending in photos, video clips, etc. for us to share and tagging your business at the same time.

E-mail:

leefisher@justcastnets.com

To qualify, you must be a registered captain with a valid charter business. Please fill out the enclosed application form and return it to us via mail, fax or e-mail with your payment information, a copy of your **U.S.C.G. Captain License** and **State Charter Fishing License**, proof of charter (business card, flyer, etc), your state vessel license #, and your net of choice. Remember, we reserve the right to choose who participates in this program. If you have any questions feel free to call us at 1-800-356-5464 and someone will be happy to assist you.

Visit www.justcastnets.com and www.ohero.com for more information on our quality cast nets and Ohero fishing products.

We are certain that you will enjoy using our cast nets and fishing products and look forward to working with you! Have fun and be safe out on the water!

Sincerely,

Lee Fisher International, Inc.

Ver. 2016 Rev.1

Humpback Cast Net

The Humpback Cast Net is a new line of premium, professional-grade cast nets from Lee Fisher International. We have over 30 years of net-making experience. This expertise coupled with our drive for improvement and innovation sets this net apart from any other bait net ever built.

Features

Mesh Sizes: 1/4" (Minnow) - 3/8" (Bait) - 1/2" (Ballyhoo) sq mesh

Weight: 1.6 lbs per foot, select sizes made with 1.3 lbs per foot as a shallow water version (SW)

LeadLine: Double lead line using braided nylon rope and tied at every mesh with #12 bonded twine.

Double Selvage: Increased strength by doubling the mesh at the cast net horn and leadlines.

Humpback Minnow Cast Nets

1/4" square mesh (1/2" stretch mesh)

Select sizes available in 1.3lbs per foot for shallow water applications.

Model	Sq. Mesh	Radius	Captain Price
CBT-HPM6	1/4"	6 FT	\$ 150.00

CML-MB14, CML-MB14 NO DRN SWL	1-1/4"	14 FT	\$ 156.00

NEW Ultra Gold Series Rods

We've taken our popular Gold series rods to another level.

The Ultra Gold features a new ergonomic split-grip design using high grade cork that's very comfortable and lets you sense the slightest of vibration. High grade graphite reel seat holds reel in place securely with no movement. We've also outfitted them with V-Mark guides featuring titanium frame with zirconia ring inserts which are harder and smoother compared to SiC guides. Putting them together on a high modulus IM-7 blank with an attractive navy blue finish and you have yourself a highly versatile and dependable inshore fishing rod.

For the first time, we are offering a 6'6" version for those looking for a more compact rod for kayak fishing, wading in mangroves and other tight environments.

	Model	Length	Power	Lure Weight (oz)	Line Weight (lb)	Pieces	# of Guides	Capt. Price

We stand behind our products

Lee Fisher International, Inc. warrants to the original retail purchaser that the product will be free of defect in materials and workmanship. Please inspect your merchandise thoroughly to make sure it is not damaged or defective before you put it in the water or use it. If you find your products to be defective in anyway, please send a repair request to the address below. Lee Fisher International, Inc. will repair or replace at its own discretion with no cost to the original purchaser except for shipping the product to us (freight, insurance, and packaging). Your product will be shipped back to you with shipping charges paid for by Lee Fisher International, Inc. **If however, the product is considered to be modified or damaged due to improper usage and/or maintenance, you will be responsible for any repairs.**

To request warranty repairs, send in your product postage prepaid to the address shown below. All warranty requests will require a valid dated sales receipt, a note describing the issue experienced as detailed as possible, your shipping address and contact information. If we receive your repair request without a receipt, you will be contacted for payment on parts, labor and return shipping charge prior to any repair work.

Ship all warranty repair requests to:

Adrena-Line

Adrena-Line is made from the next generation of Spectra Fiber. It is 20 times more abrasion resistant than the original fiber out there now. It is extremely small in diameter and has a super smooth coating which allows for casting greater distances while being noticeably quieter than the competition on retrieval with a fish on.

100% Fluorocarbon Leader

- Low visibility with refractive index of 1.42 (close to water's 1.33)
- Sinks faster than monofilament due to high specific gravity (1.78)
- High abrasion resistance
- Low elongation (especially at initial use)
- Available in 50 yd, 200 yd, and now 25 yard compact spools
